

Very very pure water.

GE Reveal[®] light bulbs
make **color** look better.

 imagination at work.

The image features four paper airplanes of different sizes and colors (two white, one brown, and one grey) flying against a dark, gradient background. The brown airplane is the largest and is in the foreground, angled towards the left. The other three are smaller and are positioned further back in the sky. The text is located in the upper right quadrant of the image.

Shhhh. We're keeping it quiet.
the world's most quiet jet engine.
